Sourcetec Self Contained Downdraft Table

Model No. SCT-36

SOURCETEC Self Contained Down Draft Table is an ideal way to capture pollutants. The unit is self-contained and includes special filters and an internal blower to remove all contaminants from the air. Therefore, the user does not have the additional expense of installing duct work and purchasing a fan to exhaust the particulates outside of the working environment. The optional casters makes the unit completely portable allowing it to be moved with ease anywhere in the work area. It also allows the user to take the unit to any other building without having to dismantle duct work and un-installing

Standard Features:

- Cartridge Filter for Clean Air Return
- Blower
- Compressed Air Tank Connection
- Motor Starter
- Manual Cleaning Mechanism
- Collection Drawer
- Steel Grates
- Water Trays
- Epoxy Coated

Model No. SCT-36
