

Sourcetec

Downdraft Tables • Series SWB & SWBH

Applications: Grinding, Welding, Polishing, Buffing, Sanding & Soldering
Options: Light package with ON/OFF switch, 3m(10') electric cord and 15 amps electrical outlet. Exhaust fan, on/off switch.

General Description

The Sourcetec downdraft tables series SWB & SWBH are an alternative way to capture pollutants effectively where source capture is not possible. Both tables are made of heavy duty fully welded steel for continuous operation. SWB & SWBH working areas are both equipped with a rugged steel mesh and three sided walls to ensure all pollutants are captured, and expelled downward from the breathing zone of the worker, then larger particles are trapped into the drop bucket providing a cleaner and healthier environment.

The SWB & SWBH are designed to be connected to a single exhaust blower or can be a part of a central system. Contaminated air can be exhausted to the outside, or cleaned and recycled through Sourcetec various filtration systems to provide a substantial savings on heating or cooling bills.

SWBH comes with a removable top and two hinged side walls for added flexibility.

SWB table is permanently equipped with 3 sided walls mounted on the unit.

TECHNICAL DATA SWB & SWBH			
Model #	Work Area (mm/in.)	Bench Height (mm/in.)	Connection Diameter (mm/in.)
100	1000 x 800 (40" x 31.5")	780 (31")	150 (6")
120	1200 x 800 (47" x 31.5")	780 (31")	180 (7")
150	1500 x 800 (59" x 31.5")	780 (31")	200 (8")
200	2000 x 800 (79" x 31.5")	780 (31")	220 (9")
121	1200 x 1000 (47" x 40")	780 (31")	200 (8")
151	1500 x 1000 (59" x 40")	780 (31")	220 (9")
201	2000 x 1000 (98" x 40")	780 (31")	250 (10")
251	2500 x 1000 (98" x 40")	780 (31")	300 (12")
