Welding Curtains and Screens

Material Samples and Information

Sourcetec Welding Curtains and Screens provide a safe and hassle free work environment for your employees.

Avoid serious injury, save on energy costs and make your workplace more efficient. Our curtains are available in different materials and can be implemented in different applications such as welding, car wash bays, partitions, dividing areas, or simple general warehouse purposes. Because the applications are so diversified, this brochure is a simple guideline to our available products. Please contact our sales department for specific ordering details.
