

Sourcetec Ultra Portable Purifier

Model SUPP-300

Eliminates:

- ✧ air pollutants
- ✧ dust particles
- ✧ mold spores
- ✧ smoke and odors
- ✧ viruses and bacteria

The future is clean air ... the future is Sourcetec®

Healthy Home Trio Portable

The Most Powerful Portable Air Purifier on the Planet

The SUPP-300 includes multi-stage filtration and Filter Cell Technology odor and VOC reduction. The SUPP-300 is ideal for homes and offices without forced air ductwork or for extra protection.

Features

- Four stages of filtration, including high efficiency filters to trap dust, dander, pollen and other airborne particles.
- High intensity UVC germicidal lamp neutralizes and reduces airborne mold, bacteria and viruses.
- Filter Cell catalytic grid transforms odors and VOC's into fresh, breathable air.
- Advanced electronics monitor and communicate system operation.
- VOC sensor automatically increases the fan speed when harmful gases are present.

Dust, Dander & Pollen

Two filters, including a pre-filer and a High-Efficiency filter **trap particles** as small as 0.3 microns including **mold, bacteria, dust, dander, and pollen**.

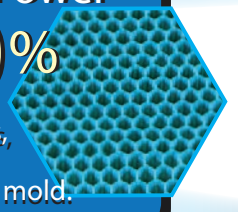

Germes

UVC germicidal light **neutralizes** airborne microbes such as **bacteria, viruses, mold, and fungi**.

FilterCell Technology
Magnifies UV Power
up to **200%**

Removes odors, VOCs, smoke, and destroys bacteria, viruses, and mold.

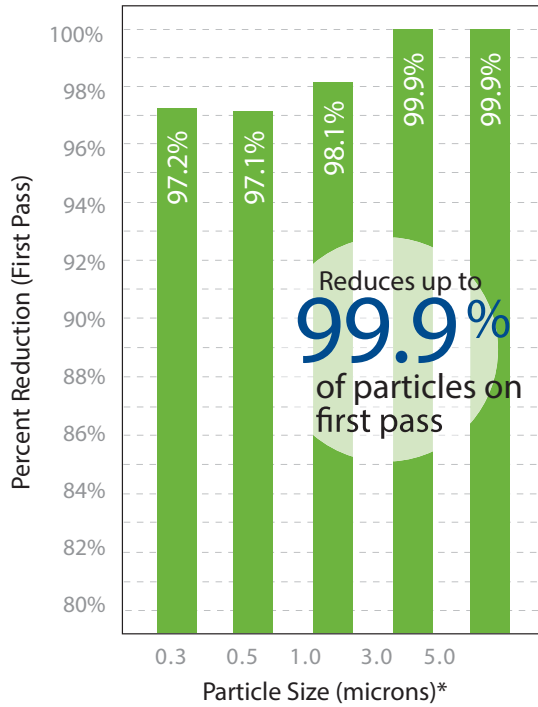

VOCs & Odors

Filter Cell honeycomb filter **removes odors, smoke, and toxic fumes** from cleaning products (VOCs), and **destroys ozone and formaldehydes**.

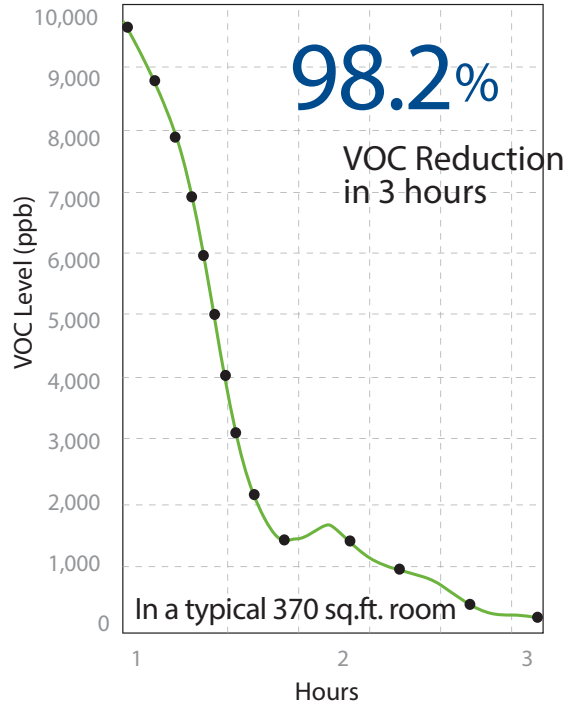

Performance Data

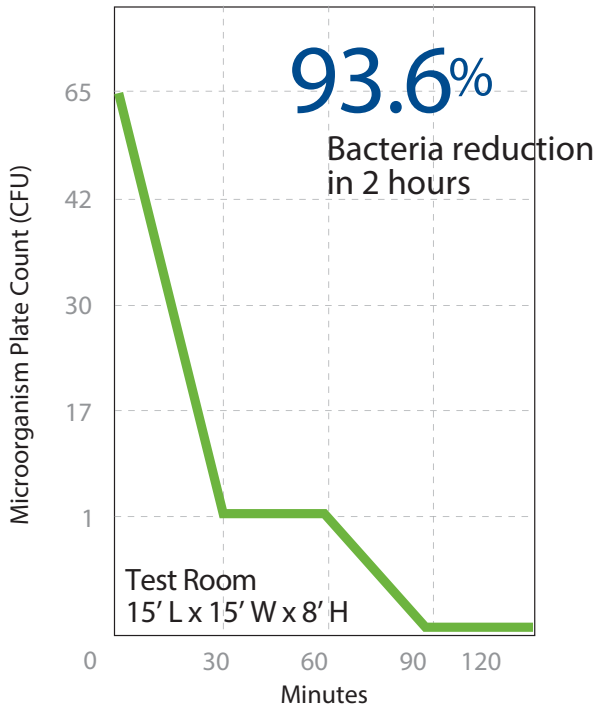

Particulate Filter Efficiency

VOC Reduction

Bacteria Reduction

Sourcetec SUPP-300 Filter Units do not generate ozone. The germicidal lamps convert ozone back into safe, healthy oxygen.

Ozone is a toxic gas which can damage the lungs when inhaled. Even low amounts can cause chest pain, coughing, shortness of breath and throat irritation. Ozone may also worsen chronic respiratory diseases such as asthma and compromise the ability to fight further infections.

Beware of manufacturers advertising ozone generating devices as air quality products. They often use misleading terms to disguise ozone such as "energized oxygen", "plasma", "activated oxygen", and "ionization". No matter what it is called ozone is a known carcinogen and can be harmful to your health.

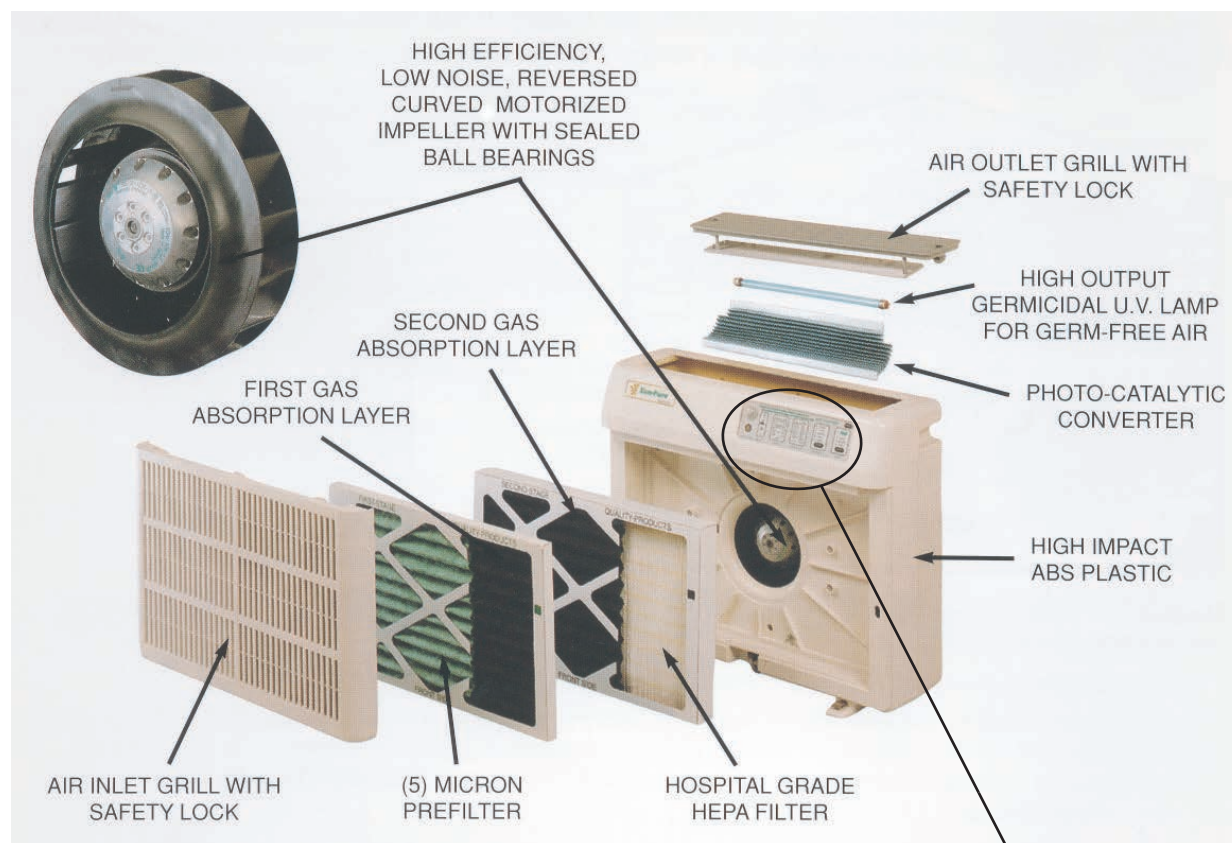

*One micron = .000039 inches

Specifications

Model	Sizing (sq. ft.)	Voltage	Lamp Wattage	Dimensions (inches)	Lamp Life Efficiency
SUPP-300	1,000	120	10	18 H x 21 ½ W x 8 D	1 year

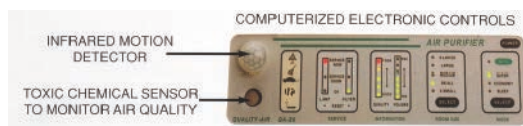

Sourcetec Ultra Portable Purifier SUPP-300

Sourcetec Ultra Portable Purifier

Computerized special features:

Electronic Sensors will protect you from poisonous gases, while continually monitoring air quality. It will automatically increase the air purifier performance to compensate for periods of unusually high chemical activity or during periods of high particle count. Warning lights alert owners to the presence of toxic chemicals or fumes.

- * No more unpleasant household odors from any source.
- * Find in-home relief from asthma, hay fever, chronic cough, runny nose, sore throats and sinus problems.
- * Minimize allergy-induced breathing and wheezing.
- * Dramatically reduce constant house cleaning and dusting.
- * Elimination of pet odours and dander.

Model SUPP-300 Specifications

Dimensions: 21.5"W x 18.0"H x 8.0"D
 Weight: 23 lbs
 Max Air Flow: 265 cfm
 Max Watts: 110 watts
 Voltage: 120v – 60hz
 Blower: curved motorized impeller
 Catalyst: Metal oxides
 U.V. Range: 254 NM (germicide)
 Particle Filters: .3 micron HEPA / 5.0 micron pre-filter
 Gas Absorption: Two stages activated media
 Application: 2,000 sq. feet max.
 Service: U.V. lamp – 1 year, Filters – 2 years
 Warranty: 2 year limited warranty on all components excluding light and filters
