Sourcetec Inground Exhaust System  
Retractable & Non-Retractable

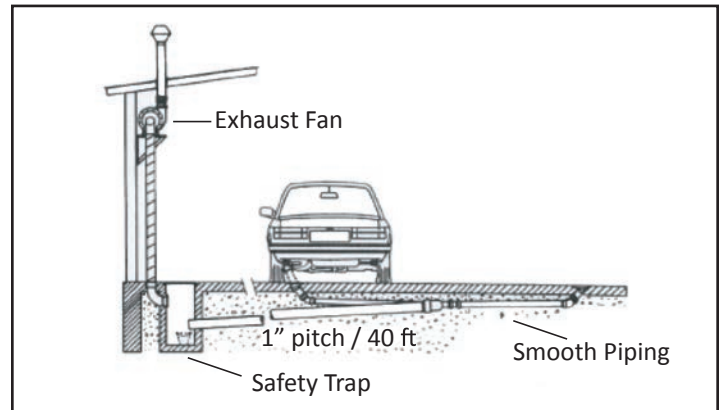

*The future is clean air ... the future is **Sourcetec**®*

## Inground Vehicle Exhaust Systems

### DESCRIPTION

- Sourcetec manufactures the largest selection of inground exhaust systems for the automotive industry
- Recessed cavity for opening/closing the cover
- Heavy-duty adjustable curved saddle
- Mild or stainless steel construction
- Smooth piping with no ridges is recommended
- A safety trap is required for debris, loose dirt, etc

### INGROUND SYSTEM (RETRACTABLE)

- Removable door
- Air craft cable to ensure user safety
- Saddle to fit multi diameter ducts and smooth adjustable tube
- The whole assembly is epoxy coated and oven baked for anti-corrosion protection
- Systems are designed to completely envelope the hose and adaptor

\*Sourcetec Industries can manufacture retractable inground systems to meet required specifications

SGS Standard

### INGROUND SYSTEM (NON-RETRACTABLE)

- Heavy-duty fixture with stainless steel hinge
- Available in single or dual units with a choice of 3-6" diameter hose and over
- Can accommodate crushable and non-crushable Sourcetec hoses with various temperatures pertaining to the most demanding application

\*Sourcetec Industries can manufacture non-retractable inground systems to meet required specifications

SND- Single

SNDD - Dual

# INSTALLATION & APPLICATION

# ACCESSORIES

## CRUSHABLE ADAPTORS (RETRACTABLE)

\*Other adaptors are available upon request.

## CRUSHABLE HOSE

Sourcetec inground retractable systems can accommodate various types of flexible hoses and adaptors.

## QUICK REPLACEMENT COVER

Sourcetec can manufacture replacement cover plate series "CP". CP cover plates are specifically designed as replacement covers for existing inground systems. The cover is heavy duty and easily installed.
